Principal’s News
Half yearly reports will be sent home next Friday 26th June.

It must be noted that our report format has changed. The 6 areas of learning we are reporting on are as follows: English, Mathematics, Science, HSIE (Human Society and It’s Environment), Creative and Practical Arts and Personal Development, Health and Physical Education. The NSW Syllabus of the new Australian Curriculum has been embedded in the areas of English and Mathematics this year with some changes in HSIE being History.

In both English and Mathematics for all students in Year 1-6 we have incorporated all of the strands into one comment. Kindergarten reporting structure has remained the same.

The strands for English under the new Australian Curriculum are Speaking and Listening, Writing and Representing, Reading and Viewing, Spelling, Responding and Composing and Grammar, Punctuation and Vocabulary. In Mathematics we have reported on Working Mathematically, Number and Algebra, Measurement, Statistics and Probability, again in alignment with the strands from the NSW Syllabus of the new Australian curriculum. In Science we have also incorporated the Australian Curriculum and will be reporting on Working Scientifically and technologically to develop knowledge of the natural and built environment.

In 2016 HSIE (Human Society and It’s Environment) will be replaced by History from the National Australian Curriculum. We have started working towards this transition successfully this year.

If you would like to discuss your child’s report please contact the school to make an appointment.

Lastly, our ‘Skoolbag’ school app’s opening date being week one of term 3. Downloading instructions will be sent home next week and parent information will be in next week’s newsletter.

Chess News: Congratulations to our Knights and Rookies Chess Teams who travelled to St Pauls Primary School at Gateshead to compete in our local Zone Tournament last Wednesday. We had more wins and more stalemates than we have had for quite a while. That means our skill levels are rising a little even though the ages of team members are very young. We played against St Pauls, St Patricks and Marks Point Primary.

Our next tournament will be on Tuesday 14th July to be played at Marks Point. Well done Jewells Chess Teams! Mr Tony Turton

Become an Ethics Teacher at Jewells Primary School

Primary Ethics provides the opportunity for NSW public primary school students who don't attend scripture classes (SRE) to participate in philosophical ethics classes. We currently have vacancies for volunteers to teach Years K-6 ethics classes. The classes teach children how to approach ethical issues and develop their capacity for considered moral judgement, which will enable them to respond more thoughtfully to many of the problems and issues they will face in their lives. Volunteer Ethics Teachers are trained to deliver our age-appropriate curriculum every week and to use the accompanying learning and teaching materials.

Next week, for all students who have been opted out of scripture, there will be a letter sent home with the option to enrol in ethics classes. The availability of classes will be subject to available Ethics Teachers. For more information, please contact: Carolyn Nelson, Ethics Coordinator - Jewells Primary School, Primary Ethics carolyn@createdbyme.com.au
